

Peter Ajtai

TECHNICAL CONTRIBUTOR & LEADER

Phone: (503) 427-8355 Email: peter.ajtai@gmail.com

EXECUTIVE SUMMARY

Collaborative technical communicator and leader with over a decade of experience bringing designs and ideas to life. Advanced from full-stack developer to Director of Technology, building a strong track record of team and client communication, evaluating complex tech stacks, streamlining cross-functional workflows, and architecting scalable systems. Passionate about leveraging AI tools and process automation to eliminate manual friction and empower engineering teams.

CORE COMPETENCIES & EXPERTISE

Leadership & Strategy	Technical Architecture, Cross-Functional Alignment, Engineering Leadership, Tech Stack Evaluation
Client Relations & Communication	Long-Term Partnership Management, Technical Consultation, Roadmap Planning, Strategic Alignment & Conflict Resolution
Automation & AI	AI Workflow Integration, Process Automation, CI/CD Deployment Pipelines, QA Protocols
Systems & Architecture	Cloud Infrastructure (AWS), API Vetting & Integration, Performance Optimization, Data Compliance

PROFESSIONAL EXPERIENCE

Solid Digital 2011 – July, 2026

Director of Technology 2020 – July, 2026

- **Workflow Optimization:** Partnered with Director of Design, Project Managers, and COO to align technical feasibility with business goals.
- **Process Automation:** Architected and standardized CI/CD deployment pipelines and QA protocols to reduce engineering overhead and eliminate manual tasks.
- **System Delivery:** Oversaw end-to-end technical execution for client web applications, mobile apps, and set-top box platforms.

Solutions Architect 2016 – 2020

- **Feasibility & Vetting:** Evaluated and selected technology stacks, APIs, and hosting strategies to satisfy strict performance and data compliance standards.
- **Leadership & Collaboration:** Worked closely with build teams to ensure smooth deployment, refining architectural plans to match practical build needs.

Lead Developer 2013 – 2016

- **Team Leadership:** Led agile engineering squads of 1 to 5 developers through full-stack project lifecycles from concept to launch.

Developer 2011 – 2013

- **Execution:** Delivered core development tasks, resolved critical application bugs, and improved system performance across varied client stacks.

EARLY CAREER

Research Assistant (Biology) & Data Entry Specialist — Various Companies Prior to 2011

EDUCATION & CERTIFICATIONS

AWS Certified Solutions Architect — Amazon Web Services 2017

Computer Science Coursework — Portland State University (PSU) 2010

B.S. in Biology — University of California, San Diego (UCSD) 1993 – 1999
